SPEAKER'S PROFILE

MR ALDRIN WONG

Managing Director, Sedgwick Malaysia

Mr Aldrin is a fully qualified Professional Civil Engineer and Chartered Loss Adjuster. With a Degree in Law and Postgraduate Certificate, he is qualified as an Advocate and Solicitor in Malaysia Legal practice.

Mr Aldrin is the sole nominated Adjuster for the Engineer's Professional Indemnity scheme run by an international broker. For the last 17 years, Aldrin has successfully resolved large and complex construction, engineering and liability claims.

He is well versed with all types of material damage, liability and business interruption losses under a wide range of covers including construction and erection risks, advance loss of profits/delay in start-up, operational risks, machinery breakdown and business interruption.

He is presently the Managing Director in Sedgwick Malaysia and frequent Lecturer on the subject of Construction and Engineering Insurance at the Malaysian Institute of Insurance.

MR TEO HOCK LIN

Executive Director, Maphilindo International Sdn Bhd

Mr Teo is the Executive Director of Maphilindo International Sdn Bhd. A metallurgist and Engineer by profession. He has been working as a metallurgist and a Mill Engineer in research and the automotive, foundry and tin mining for about 4 years before becoming an Adjuster.

Mr Teo has now over 17 years' experience as an adjuster and had handled claims in Indonesia, Thailand and Brunei. He was the Engineering Director of an international loss adjusting firm prior to joining Maphilindo International. He has wide experience in claims involving all general classes, but specialized particularly on CAR/EAR, machinery breakdown including boiler, business interruption including advanced loss of profits, and manufacturing plant/machinery.

Mr Teo has extensive experience in claims relating to power generating/transmission/distribution facilities, petroleum/oil/gas facilities, edible oil/oleo chemical refineries, palm oil/ kernal mills, tin mines, foundries, steel mills, rolling mills, paper mill, paper carton manufacturing, adhesives/plywood plants, and various infra-structure works such as the Malaysia-Singapore Second Crossing, KLIA, STAR-LRT, highway, high rise building, PGUP pipeline and ports, and many other industries/construction projects.
